**AL001A**

**T-28 Trojan - 80" 45cc**

### Features

- High performance scale warbird with great details
- High-quality, prepainted, fiberglass fuselage and cowling
- High-quality balsa and plywood material
- Light weight and strong construction
- Functional scale flaps
- Aluminum stabilizer tube
- Hardware package included
- Scale color scheme with professional covering
- Decals pre-applied at factory

### Specifications

- Wingspan: 2037mm (80.2 in)
- Length: 1677mm (66 in)
- Wing Area: 65.5dm<sup>2</sup> (1015.3 sq in)
- Flying Weight: 7.6kg (16.7 lbs)
- Engine(not incl.): 45-50cc Gas
- Radio(not incl.): 7ch, 11 servos
- Construction: Fiberglass Fuselage and Balsa Wings

### Packing Details

- Carton Size: 1520\*550\*415mm
- 1\*20' Container: 80pcs
- 1\*40'HQ Container: 196pcs
